NY State DEC_AFFF Fact Sheet.pdf

Tony:

I know it's been a long time since we met on firefighting foams, I hope you don't mind that I wanted to forward this to you and for your team. I do not know if your team was involved in this decision by the State of New York EPA, but this is certainly a step in the right direction for their State. Giving everyone in the State one year to remove and incinerate may be pushed back by users, but regardless this is good news for environmental responsibility.

Hope everything is going well, thanks again for meeting with Solberg a couple of years ago.

Regards,

*Dennis Kennedy, P.E.
